### Premier's Statement That Britain Use 70 Per Cent. Dominion Wheat Creates Surprise in London

Dec. 17.—Premier R. B. Bennett's statement that the Canadian government was considering fixing a quota on the Empire's share of the British wheat market was no less a surprise to himself than to the deputations. J. H. Thomas, secretary for the dominions, told the deputations representing the Liverpool corn

Suppression of circulation on the giant ship last Saturday threw 3,000 workers out of employment and was an immediate cause of the demonstration in the parliament and elsewhere that building be resumed as soon as possible. The government has promised the company said it was forced to suspend work owing to a drop in the price of steel, which money for new vessels is drawn.

# Athabaska By-Election Not Until Late in Spring

## Vote to Fill Vacancy Will be Delayed Until After Seeding, Report

Liberals, Conservatives, U. F. A., Surveying Situation With Care

That the Athabaska constituency be left vacant by the death of J. P. Buckley, Liberal, will not be held until after next spring's seeding appears almost certain, according to information in possession of leading Conservatives in this city. Pending the return to Ottawa from abroad of Premier R. B. Bennett there was some question as to whether it would be brought on an early date, but the matter appears to be now pretty definitely settled. Difficulties of communication in the main reason, but as a result there is likely to be little activity displayed, outwardly at least, for some time.

**MARKING SURVIVOR**  
In the meantime, Liberals, Conservatives and United Farmers of Alberta are surveying the situation with the utmost care.

It is known that the Conservatives are anxious to win the seat and hold on to it for the long of Hamilton in the by-election of last summer.

With this in view many officials are studying the whole situation to a careful study. Making into consideration the geography, population, figures and nationalities, comprising the vote.

There are about 16,000 voters in the riding and contrary to the general impression fully one half are of British extraction with the other half divided between French and European nationalities.

So far none of the interested parties have any more toward organization for conventions.

**MANY MENTIONED**  
Many names are going the rounds as prospective candidates, but in view of the setting-back of the election conditions are likely to alter the outlook and create an entirely new line-up when spring arrives.

It is considered unlikely that any sitting members of the legislature would resign and run in the larger number as legislative seats are highly prized these days and giving up a seat for an uncertainty is a matter of concern to both the individuals and the parties.

No Conservative elected at last, the

**WILL CONCLUDE PENSIONS PLAN**

**Province to Seek Early Settlement**  
Now that Premier R. B. Bennett has returned from his overseas trip, negotiations with the federal government to finally complete the Dominion-provincial agreement by which legislation passed at last week's session of parliament, authorized the Dominion to take over part of the cost of payment on old age pensions, according to Premier J. E. Brown.

As the enabling legislation was approved at the last session of parliament and it is proposed to ante-date the Dominion's financial contribution to the old age pension plan, the province as a whole is anxious to obtain the benefit of this at as early a date as possible.

While in the east recently the matter was discussed by Premier Brown with the federal government officials. At that time details were given over in a general way, and now this province, with others, is anxious to give effect to the legislation.

Hereafter the cost of this pension has been split 50-50 between Dominion and provinces. With the increase of financial prostration by the Dominion from 50 to 75 per cent there will be a saving of \$250,000 a year to the provincial treasury.

**FAVOR PLAN TO OBSERVE BOXING DAY**

**Proposal to Make December 26 Holiday Meets With Quick Response**  
Mayor D. K. Knott's appeal to city merchants to observe Boxing Day, December 26, as a holiday, is meeting with a quick response, according to news received Thursday from John Burr, secretary of the Edmonton Chamber of Commerce, who stated that the Chamber had already received communications from retail city merchants who expressed themselves as being highly in favor of a holiday on Boxing Day.

Seeking information as to the general attitude of the merchants toward Mayor Knott's suggestion, John Burr is making all firms in the city to communicate with the Edmonton Chamber of Commerce, asking their views on the proposed holiday.

The mayor's appeal, broadcast through the press, pointed out that many business firms were closed during the morning hours Saturday and that there would be very little business transacted.

**BRIEF RESUME**  
Mayor Knott stated that stores were too busy on the day following Christmas, and if Boxing Day were observed, it would give the clerk a brief respite from the rush of the holiday season.

Officials of our large Edmonton departmental store indicated recently that on the day following Christmas the only business firms that carried out in connection with patronage on Christmas day, and that they had received. In other words, there was much of a rush of business for such more suitable, and no real business.

Commissioner David Mitchell stated that he believed other large cities in the Dominion were trying a holiday on Boxing Day, which is observed in the British Isles but not here.

**Roads Open Through Mountains To Coast**  
Menthol can get through to the coast by way of Crumpton Pass and Spokane, over which route have been cleared, according to word reaching the headquarters of the Alberta Motor Association here.

Two routes can be taken to Winnipeg—either by way of Lacombe and Saskatoon, or by way of Medicine Hat and Regina. It may be advisable to take either a short or long detour, as A. McNeill, manager of the Edmonton branch of the Motor Association, stated.

An increase is being shown in long distance auto travelling here now, judging by the number of inquiries received at headquarters.

**Police Court**  
A remand of one month was given Oscar King, 41, 101st street, on Thursday morning when he pleaded guilty before Magistrate George B. Melrose to charges of larceny.

C. C. Becker, crown prosecutor, stated that police believed the men intended to go to the coast. They came from Calgary.

"Why didn't you go from Calgary to the coast?" asked the magistrate.

"Because the Edmonton-Jasper route is much warmer travelling," they replied.

"Yes, I believe it is," answered His Worship.

Pleading guilty to charges of creating a disturbance, two youths, aged 14 and 15, were fined \$5 and cost, or ten days.

On account of the extreme poverty of the two accused, the crown asking that sentence be shown them.

## COMPLAINTS OF WORKLESS NOW BEING PROBED

**Chief Shute to Investigate Alleged "Intimidation" by Police**

The city is investigating the various complaints from the National Unemployed Workers' association brought before the attention of the city council at its meeting last Monday, the commissioners announced Thursday.

Those complaints are being investigated through the city relief department, the health department and the police department.

Supt. Thomas Magee head of the relief department stated in connection with the complaints about the food being served to the unemployed single men by the 18 cafes and restaurants which are serving the meals to them, the relief and health departments were inspecting those premises and sampling the food served.

The food served is of good quality and the inspectors have been no complaints received by the relief department.

**MARKED IMPROVEMENT**  
Remarking on the mark, Commissioner David Mitchell said: "There is every reason to believe that the mark are highly satisfactory."

There has been a marked improvement in the quality of the mark served. We are constantly checking the restaurants and cafes in an effort to see that the unemployed are treated fairly."

Mayor Knott stated that with regard to the National Unemployed Workers' association, the members were being "intimidated" by the police men that had been placed in the hands of Chief of Police A. G. Elzner for a report. "The men say that they have been refused admittance to my office. This is not so. There is a policeman posted outside the mayor's office to take the names of those unemployed who wish to be seen and also the nature of their complaint. Often this business is conducted by a city department and can be handled by the department direct."

There is no intimidation of the men," Mayor Knott declared.

Supt. Magee reported that at present there were 2,000 men registered in the city relief department's records.

Since December 1 a total of 2,500 men have been given direct relief, while 412 men have been placed in the relief camp.

## FARM RELIEF BENEFITS MANY

**73,185 Since Provisions of Act Executed**

Since September 9, the date on which the Dominion-provincial agreement for unemployed relief under provisions of the Unemployment and Farm Relief Act was executed, and up to November 30, a total of 73,185 have derived benefits therefrom, according to Hon. C. L. McPherson, minister of public works.

Over and above this number a total of 35,551 meals have been served to individuals, but as there is no way of determining how many individuals were served, this is kept separate from other details.

In all 29,001 have been given employment, this representing a grand aggregate of 2,835,455 man hours' work.

A total of 1,901 hours of families were given direct relief, while a number of departments receiving benefits as a result totals an additional 6,892.

The work involved has been grading and graveling of highways, clearing of lands and many other forms of activity.

WINNIPEG, Man., Dec. 17.—Advances in wheat export demand and wheat Liverpool quotations weakened grain prices in the wheat pool here today. The close revealed gains of 1/2 to 1 1/2 cts. over the previous close. December closed at 51 1/2, and 2 1/2 cts. while July at 41 1/2, and 2 1/2 cts. Premium of offerings from Chicago near the close contributed to the increase. Moderate purchases by meal-bought houses controlled the only foreign interest unworried during the session. Losses of the past two days completely wiped out the advance of 2 1/2 cts. recorded Tuesday. Foreign buyers showed little of a constructive nature. An increase in wheat exports from Argentina was forecast while the movement of wheat from Black Sea ports also showed an increase. Russia continued almost half to the total of wheat cleared from Black Sea ports this week. Liverpool prices were affected by yesterday's decline in the market here and by poor milling demand in the United Kingdom. Losses of 1 1/2 to 1 1/4 per hundred pounds were recorded at the close. Demand for cash wheat was light at warehouse prices. Coarse grain was in a dull performance with little change in sympathy with wheat.
